

March 2018

Dear Parents/Carers

Thank you for your responses to our consultation about the October half term. The Governors have decided to once again run a two week half term in the 2018/19 academic year.

They have not agreed yet that this will be a permanent feature of the academic year and will monitor the situation in light of the local and national context regarding this matter.

Please see the full term dates which are now posted within the information section of the website.

I hope that you are able to have a refreshing Easter Break.

Yours

Huw Derrick  
Principal
